UNDERGROUND ASSOCIATES

MARKETING TEAM HANDBOOK

Telling Cullman County we built their website.

Who we talk to, what we say, how our brand looks, and the rules every piece of marketing follows.

INSIDE

- The basics
- Our message and words
- The flyer code program
- Who we sell to
- Brand rules
- Offers and the law

Underground Associates LLC · Cullman County, Alabama

October 2026 edition · Internal use

How to use this handbook

Read it once, keep it at your desk

1	The basics	plans, prices, promises
2	Who we sell to	the businesses and what they care about
3	Our message	what we say, what we never say
4	Brand rules	name, logo, colors, voice
5	Flyers and flyer codes	the mail-out program
6	Offers and the rules	referrals, founding customers, the law
7	Quick reference	cut-out cards

BEFORE ANYTHING GOES OUT

Every ad, post, flyer and email is checked against chapter 3 before it's sent. When in doubt, ask the owner.

1 The basics

What every person on the team must know

We find local businesses with no website, or only a Facebook page, and build their website before we ever contact them. The owner sees their own finished site, not a sales pitch. If they like it, they pay monthly and we keep it running.

OUR ONE MESSAGE

We already built your business a website. Come see it.

Why it works

The owner doesn't have to imagine anything. Their name, hours, services and phone number are already on a finished site they can scroll on their own phone.

Plans

Plan	Per month	Who it fits	What's included
Basic	$49	Just needs to be found and get calls	Website on fast, secure hosting · small text, hours and photo updates · tap to call and directions on every page
Plus Lead with this	$89	Most businesses; anyone found on Google Maps	Everything in Basic · monthly visitor report by text · Google Business Profile tune-up · review QR cards for the counter
Pro	$149	Wants it all handled, or has lots of competition	Everything in Plus · monthly Google posts and photos · their own domain, bought in their name · business email · priority changes
Price list	$29	Stock changes daily; not ready for a website	Live price page · their own board to update from the phone · QR tags · tablet display · no minimum

Ways to pay

Way to pay	Setup fee	Good to know
12-month plan	None	Our default. Billed monthly.
6-month plan	None	Same monthly price, shorter commitment.
Month to month	$299 one time	Cancel any time with 30 days' notice.
Yearly up front	None	12 months for the price of 10.

Promises we make (and can keep)

- Live within **3 business days** of signing up.
- Changes are included: they text us, we do it.
- Their name, photos, words and domain **belong to them**.
- Every lead has a private **preview link** we can text. It works for 14 days and needs no login.

> **ALWAYS**
> Always quote prices **per month**, never per day. If this handbook and the app ever disagree, the app is right: it always has the current prices.

2 Who we sell to

Local, independent businesses in Cullman County

Independent businesses in Cullman, Hanceville, Arab, Hartselle, Good Hope and Vinemont that have no website, only a Facebook page, or a broken or outdated site. We don't market to chains.

Kind of business	What they care about most	Lead with
Restaurants, cafes, food trucks	Hours, the menu, being found on Maps	The menu and open-now hours
Contractors and trades	Phone calls and quote requests	Tap to call and the quote form
Salons, barbers, groomers	Bookings and looking good	Photos and the book button
Auto repair, tires, parts	Calls and directions	Tap to call, directions, services
Lawn care and cleaning	Being found by new neighborhoods	Service area and the quote form
Shops, feed, fish and pet stores	Stock that changes every day	The live price list and QR tags
Tax, insurance, accounting	Trust and credentials	Who you'll work with, clear fees
Churches and nonprofits	Service times and first-time visitors	Service times and plan-a-visit

What every owner is really asking

- **Will it bring me customers?** Show the call button, the Google listing work, and the monthly visitor report (Plus).
- **Will it be a hassle?** No: it's already built, and changes are a text away.
- **Is this legit?** We're local, they see it before paying, and nothing goes live until they say so.

3 Our message

One idea, said plainly, every time

HEADLINE

We already built your business a website.

Every piece of marketing points the owner to **their own finished site**. Supporting lines, in order of strength:

- It's finished and waiting for you to look. Free to see, nothing to sign.
- Made for phones: one tap to call you, one tap for directions.
- Plans from $49 a month. No setup fee on a 6- or 12-month plan.
- Live within 3 business days. Changes when you text us.
- Local people, right here in Cullman.

Words to use and avoid

We can say

- Your website is already built. See it before you pay anything.
- Plans from $49 a month, no setup fee on a 6- or 12-month plan.
- Live within 3 business days.
- Made for phones: tap to call, directions, open-now hours.
- Text us a change and we do it.
- Your name, photos, words and domain stay yours.
- Local company, here in Cullman.

We never say

- “Page one on Google,” more customers, or any number of calls.
- A price per day (“under $2 a day”).
- “Free website.” The preview is free; the website is a paid plan.
- Anything negative about a competitor or their current site.
- A real business's name, logo or photos without written OK.
- A quote from a Google review.
- A promise about a date we can't keep.

Say	Instead of
Your website is already built	Free website
$89 a month	Under $3 a day
Built to show up on Google	Page one on Google / guaranteed customers
Text us a change and we do it	Log in and edit it yourself
Your domain, in your name	Our domain
Get found, get the phone ringing	SEO, conversions, digital presence

4 Brand rules

How Underground Associates looks and sounds

Name

Underground Associates in everything public. Legal name: Underground Associates LLC (contracts and invoices only). “UA” is for the app and the badge, never in ads.

Logo

The round UA badge. Never stretch it, recolor it, add effects, or redraw it. Give it room: at least a quarter of its width clear on every side. Files are in the app's brand folder.

Colors

Use	Navy	Gold / orange
Screens (web, social, ads)	#14213d	#fca311
Print (flyers, cards, handbooks)	#1d3d8f	#f59e0b

WHY TWO NAVIES

The screen navy prints gray on office printers. Anything printed uses the print colors.

Type

Headlines: Montserrat or Bricolage Grotesque, extra bold. Body text: Inter. Never more than two fonts on one piece.

Voice

- A friendly neighbor, not a salesperson.
- Plain words and short sentences. No jargon.
- Specific beats clever: “$49 a month” beats “affordable.”
- Confident, never pushy. No countdown timers or fake urgency.

Where we live online

What	Address	Public?
Company website	undergroundassociates.com	Yes
Flyer code page	undergroundassociates.com/code	Yes
Facebook	facebook.com/undergroundassociates	Yes
Team app	app.undergroundassociates.com	Never put it on public material

5 Flyers and flyer codes

The mail-out that turns an envelope into a website visit

Every lead in the app has its own private 5-digit flyer code. The flyer says *"We already built your business a website"* and has a white box where we write that business's code by hand.

1. **Print and pull the list**
   The owner prints the flyer and downloads the mailing list (Settings → Flyer mail-out). Codes are added to the list automatically.

2. **Write the code**
   Write each business's code in its white box, by hand, clearly. Check it twice.

3. **Mail it or leave it**
   Mail to the business address, or a caller leaves it at the counter.

4. **They type it in**
   The owner types the code at **undergroundassociates.com/code** and their website comes right up.

5. **We call, fast**
   The whole team gets an alert ("typed in their flyer code"). That's the warmest lead we have: call within the day.

> **NEVER**
> Never reuse a code, never write one business's code on another's flyer, and never print codes in a batch without checking them against the list.

Other printed pieces

Piece	Who it's for	Notes
Mail-out flyer	New leads	With the handwritten code box
Leave-behind flyer	Owner not in / not today	QR to their own preview, 60 days
Review QR cards	Plus and Pro clients	For their counter
Table tents, window sign	Live restaurant and shop clients	Point at their menu or site

6 Offers and the rules

What we can promote, and what the law requires

Offers

Offer	How it works	Before you advertise it
Referrals	A client who sends us a business gets 2 months of their own plan free once the new client pays for a 6- or 12-month plan. Up to 2 a year; extras carry over.	Always on
Founding customers	The first 5 paying clients pick one free extra: Get listed everywhere, Google Business Profile setup, or a Spanish version.	Check spots left in the app
Pay yearly	12 months for the price of 10.	Always on
Churches	Yearly is 12 months for the price of 8; check or bank transfer allowed.	Churches only

The rules

> **THE LAW: OUTREACH STAYS MANUAL**
> Every call and text is made by a person, one at a time. No robocalls, no auto-dialers, no mass texts (federal TCPA rules). Text a preview link only after the owner says it's OK. Someone asks us to stop: log **Not interested** and never contact them again.

- Mail and flyers can go to any business address.
- Google photos and Google review text never appear in our marketing or on a client's live site.
- Example sites use made-up business names. Check any new name against Google before using it.
- Testimonials only from real clients, in their own words, with their OK.

7 Quick reference

Cut along the dashed lines and keep at your desk

Our message

We already built your business a website.

- Free to see, nothing to sign
- From $49 a month
- No setup fee on 6 or 12 months
- Live in 3 business days
- Local, here in Cullman

Never say

- Page one / guaranteed customers
- Per-day prices
- “Free website”
- Bad words about competitors
- Real names, logos or photos without OK
- Google reviews or Google photos
